Good morning, Mindy.

Ex. 6 Personal Privacy (PP)

I am sending you here the Infrastructure/Permitting/401/404 paper with comments from the collection of DAAs/SAs. As Martha says below, after we deal with these comments, we are pretty much done with this one.

Unlike the Vessels one, I feel that it is prudent for you to process these comments to decide to keep/toss or otherwise.

At this point, I request that you process and generate a CLEAN version for me to review and send back to Martha.

Friendly reminder – in highlighter yellow below.

Of course, this is due today if possible. If you need more time, let me know. ☺

Grace

Grace – great news. Well, first, for this paper, you had 4 DAA/SAs review. So you will see a lot of comments BUT I think after you deal with these comments, none of which are difficult, this will sail through.

Let me know if you have any questions or if I can help. Once you send back to me, I'll quickly review and get the final run done – I think this will be another one for Dave's reading pile this week. As always, feel free to call if needed.

Thank you so much.
